

## Species Specificity for Mycoplasma qPCR Detection

---

|                                 |                                 |
|---------------------------------|---------------------------------|
| <i>Acholeplasma laidlawii</i>   | <i>Mycoplasma hyorhinis</i>     |
| <i>Mycoplasma agalactiae</i>    | <i>Mycoplasma hyosynoviae</i>   |
| <i>Mycoplasma alligatoris</i>   | <i>Mycoplasma iguanae</i>       |
| <i>Mycoplasma alvi</i>          | <i>Mycoplasma imitans</i>       |
| <i>Mycoplasma amphoriforme</i>  | <i>Mycoplasma mobile</i>        |
| <i>Mycoplasma anatis</i>        | <i>Mycoplasma orale</i>         |
| <i>Mycoplasma arginini</i>      | <i>Mycoplasma ovipneumoniae</i> |
| <i>Mycoplasma arthritidis</i>   | <i>Mycoplasma pneumoniae</i>    |
| <i>Mycoplasma bovis</i>         | <i>Mycoplasma pulmonis</i>      |
| <i>Mycoplasma canis</i>         | <i>Mycoplasma synoviae</i>      |
| <i>Mycoplasma columbinum</i>    | <i>Mycoplasma testudineum</i>   |
| <i>Mycoplasma conjunctivae</i>  | <i>Mycoplasma testudinis</i>    |
| <i>Mycoplasma crocodyli</i>     | <i>Mycoplasma mycoides</i>      |
| <i>Mycoplasma fermentans</i>    | <i>Mycoplasma capricolum</i>    |
| <i>Mycoplasma flocculare</i>    | <i>Mycoplasma pentrans</i>      |
| <i>Mycoplasma gallisepticum</i> | <i>Mycoplasma pirum</i>         |
| <i>Mycoplasma genitalium</i>    | <i>Mycoplasma salvarium</i>     |
| <i>Mycoplasma hominis</i>       | <i>Ureaplasma urealyticum</i>   |
| <i>Mycoplasma hyopharyngis</i>  | <i>Ureaplasma parvum</i>        |
| <i>Mycoplasma hypneumoniae</i>  |                                 |
