Product Details

Description: Delta-Like 3 (DLL3) is a protein that is part of the Delta/Notch signaling pathway, which is crucial for cell differentiation processes. DLL3 expression is typically found in the central nervous system, including the brain and spinal cord, and its dysregulation has been associated with certain types of cancer, such as small cell lung cancer.

Alternative names: Delta-Like 3 Protein

Applications:

- ELISA
- Neutralization
- Functional assays such as bioanalytical PK and ADA assays
